1. Education in Human Values (EHV) Class

“Human values are innate qualities” - Sathya Sai Baba

Human values make life worthwhile, noble, and excellent. Those qualities lie within the human personality, waiting to be drawn out and translated into action.

Sathya Sai Education is based on five human values: Truth, Right Conduct, Peace, Love, and Nonviolence. Drawing out these five inherent human values develops good character.

Sathya Sai College regards the development of good character as the ultimate aim of education. This educational approach employs a variety of effective teaching methods structured around the five human values, including daily Silent Sitting, discussion of the values, and selfless service activities.

Teachers further integrate the human values within the learning of traditional academic subjects such as English, Mathematics, Science, HSIE and Physical Education.

Watch your Words

One should watch one's words and use them carefully. One should use words which are good, decent, and positive as it will have a positive influence on one's personality and behaviour.

Watch your Actions

An individual should undertake actions that contribute to the well-being of others which in turn will contribute to the individual's positive learning.

Watch your Thoughts

Thoughts form one's self-image and influence the behaviour of an individual. If thoughts are positive, the self-image will be positive which will result in positive behaviour.

Watch your Character

Sathya Sai Baba says, 'The End of Education is Character'. Character stands for self-discipline, loyalty, readiness to accept responsibility and willingness to admit mistakes.

Watch your Heart

One should always try to have positive emotions. The heart should be filled with goodness, compassion, tolerance and love. Love confers lasting happiness and peace.

2. Silent Sitting

Silent sitting is conducted at the beginning of each lesson.

Students come to understand that when our mind is full of one thought after another, we are not able to look inside ourselves and see who we really are. In contrast, when we have inner stillness we can see and experience the qualities of Peace, Love, Truth, Right Conduct and Non-violence lying within.

Silent Sitting in Education in Human Values Program aims to develop the following qualities:

- The ability to be calm and to concentrate (physical and mental alertness)
- The ability to listen and to be aware of one's inner feelings and inner voice (conscience)
- The awareness that happiness, peace and love come from inside and not from outside.
- The creation of an inner world of positive images and feelings, building confidence in oneself and good feeling towards others.
- The ability to identify with others, to expand the positive feelings to include all of the outside world.

There are sound reasons based on brain physiology to support this practice. However, perhaps the most important contribution that Silent Sitting offers in one's life is the opportunity to develop control over the mind.

3. School Prayers

As part of the Human Values program, to develop gratitude, we say the following prayers every morning, recess/lunch and at the end of school.

Morning Prayer

As we gather here today
We thank our teachers, our school and our families.
We invite our highest self
To inspire us, guide us and teach us
In every thought, word and deed.

Food Prayer (Recess and Lunch)

We thank the universe for being the provider of the food.
We acknowledge we are the consumer of the food and the very food itself.
We offer all our words, thoughts and deeds of this day to the wellbeing of all.
May all beings everywhere be happy.

Home Time Prayer

For the Thoughts Words and Deeds of this day,
For all that we have we give thanks, we give praise,
For that which we are becoming,
For all of the beauty of God's great land
In truth and love remain.

4. Student Code of Conduct

Acceptable Behaviour Guidelines

All students shall be treated with dignity, respect and fairness by other students and staff. They shall be provided with a learning environment that is free from physical, emotional, and social abuse. Staff will be disciplined and strive to apply the five human values in their daily life.

Students at Sathya Sai College are encouraged to be disciplined and display the five human values through the following actions:

Love

- Do not distract others. Give every other student the opportunity to learn.
- Respect your property and that of others, including the school.
- Value the interests, abilities and cultures of all others in the school community.
- Develop an attitude of selfless service to the community.

Peace

- Be at the right place, at the right time, with the right equipment.
- Be polite and respectful.
- Follow the school's dress code.

In the event that a student's conduct does not follow the above, the school and parents will work together to help the student grow and learn from the experience.

Breaches of the Student Code of Conduct will be dealt with in accordance with the school's Discipline Policy.

Consequences for Unacceptable Behaviour

Students not following the Code of Conduct disrupt the learning of all students in the class. The school will respond to inappropriate behaviour by following the Discipline Roadmap.

3. **Double** time-in if students fail to attend Time-in.
4. **THREE 'time-ins'** in a term will result in a **Reflection**.

3. REFLECTION

1. Student continues to display inappropriate behaviour and has received 3 time-ins in a Term.
2. Lunch is spent in the Reflection Room and the student completes a Reflection sheet.
3. Letter sent home to parents to be signed and returned the following day to the Behaviour Support Coordinator.

Regular attendance at school is essential for students to achieve quality life outcomes. Schools, in partnership with parents, are responsible for promoting the regular attendance of students.

If you are absent from school, your parents must tell the school and provide a reason for your absence. A message via the school portal will be sent to your parents/carers on the day of your absence. If they do not respond to this with an explanation of absence, a written note will be required.

Students are expected to maintain a minimum of 85% attendance. Excessive absence may result in a student being ineligible for the receipt of their RoSA or HSC. The school is to be notified in advance of planned absence such as holidays or medical procedures. Where an explanation has not been received, the school will record the absence as unjustified on the student's record.

8. Punctuality

Being punctual shows your respect for others and their time, it sets first impressions and is a character trait that is important for you. Please ensure that you arrive on time to school and each class. You must get all of your books and other resources required for each lesson before you enter the classroom.

9. Homework and Assessment

All students are encouraged to use the Student Diary to keep track of homework, assessments and other tasks. Using the Student Diary to plan ahead can help students develop the good study habits essential in Year 11 and 12.

Homework

Regular homework may be set by some teachers in some classes. In other classes, homework may be set periodically or students may be expected to work on assessment tasks at home. In the lead up to tests and examinations, it is expected that students complete independent study and revision at home. Where a teacher sets homework, it is expected that this homework will be completed. Students who fail to submit homework may be given a time-in or required to attend Room 6 at Break 1 to complete the work.

Assessment Policy

The High School has a strict Assessment Policy that is followed at all times. Students will be issued with a copy of this Policy at the beginning of the school year and the Policy is also available on our website.

Students and carers should note the following:

- All assessment is compulsory for all students

- You should keep your device safe in your school bag when travelling to and from school.
- You should resist using your device on public transport as this may be a security risk.
- Ensure that you use your device appropriately at all times as a tool for learning.

Students will retrieve their phone from the box at the end of each day. Any student found with their mobile phone during school hours will receive an immediate suspension.

If parents wish to contact their children during the school day, or vice versa, contact is to be made through Reception. The school mobile can be made available to students if a private conversation is required.

14. Student School Email

Each student will be issued their own school email address. This enables communication between students, teachers and the school office.

Students are to keep their login and passwords safe and are not to share with other students. This email is to be used strictly for school purposes and not personal use.

15. Student Diaries

All students are expected to their college diary as an organiser for study. Students are expected to bring their diary to all their classes to record assigned tasks, for communication between teachers and parents and to record any work that needs to be finished at home. Diaries are also used within school to provide students with an 'out of class' pass, for example to visit the office or to use the bathrooms during class time.

Each night the students are expected to use their diary and timetable to plan for the next day so they have everything they need to come to school ready to learn.

16. Emergencies

A beeping sound with instructions will be communicated over the PA system advising to evacuate the buildings or go into lockdown or lockout procedures. If the electricity is cut off a battery backup will operate the manual system. An instruction sheet with a map of what to do is located in each room throughout the school. You must follow your teacher's instruction if there is an emergency situation that arises.

17. Personal Property

The school cannot accept responsibility for lost or stolen property and money, this includes mobile phones and devices brought onto school grounds as part of BYOD. All personal property should be clearly marked with your name. If you need to bring valuables or more money than usual to school, these should be left at the Front Office for safekeeping.
